

Thinking Into Results Evaluation – Winchmore School 2022/23

'The work of Success Club has been received to excellent acclaim, by the students, teachers, teaching assistants, learning support faculty and parents. Those students involved have, to varying degrees, shown a change in their attitudes toward their personal role in their behaviour and the impact that this has on their success toward their future life goals and desires.

We look forward to continuing to work with the Success Club to improve the life chances of our students.' David Miller - SEND Progress Teacher and Designated Teacher for Looked After Children at Winchmore School.
